Ol Pejeta Conservancy

There's a good chance you might see the Big Five (lion, leopard, elephant, rhino and buffalo) on your visit to Ol Pejeta Conservancy, which sits high on the Laikipia Plateau. The conservancy is a fantastic place to see all five species (although leopard can be elusive), and it's one of the best places to see rhino anywhere in Kenya. Other wildlife highlights might include cheetah, hyena, giraffe, zebra and more. Over 500 bird species have been recorded here too. Ol Pejeta also offers the chance to see the last two surviving northern white rhino, as well as a sanctuary for rescued chimpanzees. The conservancy's landscapes include savannah grasslands and riverine woodlands.

Evening Game Drive, Ol Pejeta Conservancy

You'll love the warm light and cooler temperatures as we take you out to explore on your evening game drive. This time of day is when both predators and prey are most active and it can feel as though anything could happen at any moment. This is when you'll most enjoy being on safari.

Lake Nakuru National Park

You'll be visiting Lake Nakuru National Park, and it's a brilliant park to visit. There are so many highlights to look forward to. When it comes to wildlife, there are tree-climbing lions, endangered Rothschild's giraffes, and flamingos in varying numbers on the lake. This is also one of the best parks in Kenya for seeing both black and white rhinos. It's a beautiful park as well, with amazing views from the Out of Africa Lookout (some scenes from the 1985 film of the same name were filmed here), as well as waterfalls, acacia woodlands and pretty lake panoramas.

Evening Game Drive, Lake Nakuru National Park

Going on an evening game drive is one of the highlights of any safari. This is when temperatures cool, the light becomes softer and the wildlife begins to get active. Not only will you be out when the light is best for taking photos, but it's also one of the best times of day for seeing the animals.
