Amboseli National Park

After all the time you've spent planning and dreaming about going on safari, this is where it finally starts. Your guide will meet you and explain everything you need to know and answer any questions you might have. And then we'll go out on safari together.

Amboseli may be smaller than many other Kenyan parks, but it packs a lot into a very small space. For starters, the views here are astonishing because Africa's highest mountain, Mt Kilimanjaro (5895m), looms over the park to the south. Best of all, the mountain provides a backdrop to many fantastic wildlife sightings that almost always include elephants with big tusks, as well as lions, cheetahs, hyenas, zebras, buffaloes, giraffes, wildebeests and gazelles. Birders can also look for the park's 420 different recorded species.

Early Morning Game Drive, Amboseli National Park

Put on some warm clothes and enjoy an early morning game drive. This is the perfect time to experience the wildlife and the landscapes they inhabit. The light is soft and warm – perfect for photography – and most animals are out and about, and active. If you're not an early riser, you'll definitely want to make an exception here.

Evening Game Drive, Amboseli National Park

Going on an evening game drive is one of the highlights of any safari. This is when temperatures cool, the light becomes softer and the wildlife begins to get active. Not only will you be out when the light is best for taking photos, but it's also one of the best times of day for seeing the animals.
