Masai Mara National Reserve

One of our favorite places to look for wildlife in Kenya is the Masai Mara National Reserve. That's because the wildlife here is incredible, with big cats (lions, leopards and cheetahs) and elephants among the highlights, not to mention black rhinos in the Mara Triangle. There's a very good chance you'll also see giraffes, buffaloes, wildebeests, zebras, hippos, hyenas, and, of course, impalas. And bring your binoculars, because more than 500 species of birds have been recorded in the reserve. It's a place of beautiful savannah landscapes as well, with lots of acacia trees.

Entim Mara Camp

Tented camp | Inside Masai Mara National Reserve

There aren't many better locations in the Masai Mara than the one you'll enjoy at Entim Mara Camp. The camp overlooks a bend in the Mara River where there's often wildlife action, never more so than during the migration. Luxury safari tents here also have views, as well as lovely decor with khaki color schemes, as well as linen and wood furnishings. You'll also eat very well in the dining tent.

Ngorongoro Crater

You'll learn why magical Ngorongoro is unlike anywhere else in Africa. Cloud forests encircle the crater rim, and the view out across the caldera of this former volcano – quite apart from the altitude – will leave you gasping for air. Your drive down a steep trail carries you onto the crater floor where a unique wildlife offering is added to the sheer beauty of the experience. You'll share the sunken ecosystem of the crater floor with hyenas, lions, elephants, black rhinos and hippos. An ecosystem that has formed in the crater in the millennia since the volcano wrought its terrible fury upon the land. It could just be one of your best safari days ever.

Accommodation | Day 6

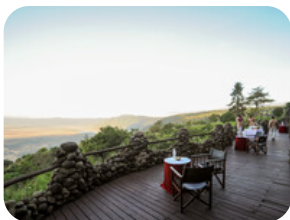

Ngorongoro Serena Safari Lodge

Lodge | On the crater rim

There's so much for you to love about staying at Ngorongoro Serena Safari Lodge. The location overlooking Ngorongoro Crater is one of the best anywhere along the crater rim. The combination of old-school safari hospitality with bright, modern rooms is a real pleasure; from afar, the stone-built lodge seems to blend into the forest. The views from the restaurant are similarly superb.

Amboseli National Park

Amboseli National Park is where many safari travelers fall in love with Kenya. That's because this park packs a lot into a small space. Wildlife highlights might include lions, cheetahs, spotted hyenas, zebras, giraffes, wildebeest, and, best of all, big-tusked elephants that you can get really close to. It's this combination of spectacular views and wildlife that really elevates Amboseli into the elite of Kenya's wildlife parks.
