Entim Mara Camp

Lake Nakuru National Park

It's not surprising that some of the aerial scenes from Out of Africa were shot here in Lake Nakuru National Park, with its fabulous views of the escarpment, lake and acacia forest. What also makes Lake Nakuru such a special place to visit is its populations of black and white rhinos, tree-climbing lions and endangered Rothschild's giraffes. You might also see leopards, flamingos and many different kinds of birds too.

Evening Game Drive, Lake Nakuru National Park

Going on an evening game drive is one of the highlights of any safari. This is when temperatures cool, the light becomes softer and the wildlife begins to get active. Not only will you be out when the light is best for taking photos, but it's also one of the best times of day for seeing the animals.
